

Dress Code for Students:

Students dress contributes to the school atmosphere. Students are earnestly advised to dress with good taste and in so, they will be contributing to the general pride of the school. The administration has the discretion in making judgments relating to the appropriateness of dress to include jewelry. Students are expected to adhere to the dress code to support a positive learning environment.

Parents are asked to use good judgment as they allow their children to dress for school. The following is a dress code that we feel will maintain an atmosphere of comfort and learning.
